# NONWOVEN PRODUCTS

PURPOSE-BUILT PRECISION.  
PURPOSE-DRIVEN PEOPLE.

Purpose-Built Precision goes far beyond providing the right solution. It’s about doing the right thing for our customers each and every day. That’s why our company has been as durable as our machines.

It began with our founders, Frank and Johanna Elsner, over 80 years ago. They started with little and created huge success for their company, customers, and community. Today, ELSNER has more than 3,000 machines operating in over 60 countries. Our true measure of success, however, is always your satisfaction.

Our promise to our customers is simple. We are always on the job for you. We will do whatever it takes to make your investment in our machines exceed your expectations. We will treat your company and every individual who serves you with the honesty, integrity, and respect that they deserve.

Purpose-built machines.  
Purpose-driven people.

PURPOSE BUILT PRECISION

# ELSNER™ ROLLED WIPES PRODUCTION

ENR-SERIES REWINDERS: WE HAVE A MACHINE TO MEET YOUR PRODUCTION GOALS.

## ENR-G3

THE FASTEST SOLUTION IN EVERY WAY.

Work much faster, produce much more and save floor space with this all-in-one Elsner innovation.

PERFORATED ROLLS

Up to 22 cycles/minute

OR

Up to 700 feet per minute

ULTRASONIC TAIL TIE

For added efficiency

Up to 12" finished rolls

## ENR-1000

Fully-automated solution for self-contained wipes production line. Finished Roll sizes to 10".

Up to 15 cycles/min

or

Up to 400 feet/min

## F-800 Non-Woven Towel Folder

Designed to accommodate multiple fold sizes and styles and to eliminate the time-consuming task of changing out heavy folding cylinders.

## PURPOSE-BUILT PRECISION BOOSTS PRODUCTIVITY AT EVERY TURN

You get the right machine for the job at hand. Plus, hands-on service and support for the life of your machine from the experts that built them. That means more up-time and peace of mind than ever.

## V-Series

Highly versatile machine will be the workhorse of your converting lineup for many kinds of papers, nonwovens and films. Core or coreless production.

## MPR-42

Entry-level, semi-automatic perforator rewinder. Same perforator design, fully customizable.

We accelerate the conversion process so you can produce finished goods faster and better than ever. That's speed to market and supply chain efficiency both you and your partners will value beyond words.

Have a different purpose in mind?

We have automated a wide range of operations across many industries. Let's discuss which precision solution is a fit for your needs.
